Supplies Needed

*Regular embroidery supplies, stabilizer, thread, scissors etc. (Note: I like cutaway stabilizer for most ITH projects unless otherwise indicated. I find that it provides more stability to the finished product.

*Vinyl or cork. Felt would also work if you used a heavy duty stabilizer.

* $\frac{3}{4}$ inch craft stick

*double sided tape

***My supplies are listed at the end.**

Thanks For Helping Me Grow Plant Marker - Pro tip!

Carefully cut out your design and insert your craft stick.
Lightly mark with a pencil however deep you want the stick. Pull
the stick back out and put double sided tape on the stick and
reinsert into the design. Press firmly on the back of the design
so that the tape holds the stick in place.

That's it! You're done!
