Kellie's Designs - Spider Napkin Holder Cover Tutorial.

# Kellie's Designs

## Original Machine Embroidery Designs

Project	Kellie's Designs - Spider Napkin Holder - Side A.pes		
Size	4.24 "(w) x 5.80 "(h)		
Total Stitches	11799		
Author	Kellie's Designs - Kellie Walton Copyright: <a href="http://www.kelliesdesigns.net">www.kelliesdesigns.net</a>		
Misc. Information	<a href="http://www.kelliesdesigns.net">www.kelliesdesigns.net</a>		
Color File (read)	Kellie's Designs - Spider Napkin Holder - Side A.txt		
Color	Thread Name	Stitches	Comment
1	Light Blue	179	Placement stitch - sew directly on stabilizer then cover with fabric
2	Black	4299	Outer spider web
3	Silver	2139	Inner spider web
4	Black	1424	Satin outline
5	Dark Brown	1980	Spider
6	Red	875	Decorative outline
7	Sky Blue	540	Border
8	Prussian Blue	363	Place backing under hoop and run final bean stitch

Step 1: Hoop cutaway stabilizer and stitch color change #1 directly onto the stabilizer. This is your placement stitch. Cover stitch line with your choice of fabric, felt or vinyl.

Original Machine Embroidery Designs

Step 2: Stitch color changes 2 - 6. These are your design details. Color change 7 is the border that goes completely around your design and should be the same color you use for color change 8 (which attaches the backing).

Color change 7 completes the bean stitch border – it should be the same color thread that you will use for color change 8.

Step 3: After color change 7, place your backing fabric **UNDER** your hoop and run color change 8 to secure the front to the back.

Color change 8  
attaches the  
backside of the  
cover to the front.  
It should be the  
same color thread  
you used for color  
change 7 so that the  
lines will match

Step 4: Remove hoop from machine, carefully unhoop and cut around your napkin holder cover. Side cover over napkin holder and you're finished!

Side B is EXACTLY the same steps as side A ... placement line goes on the stabilizer, cover with fabric - stitch your design, stitch the border and then before the final bean stitch ... place your backing UNDER the hoop and run the final color change.
