Project	500-658 Spider Web Zipper Pull.pes
Size	0.86 "(w) x 1.43 "(h)
Total Stitches	1648
Author	Kellie's Designs - Kellie Walton
Misc. Information	www.kelliesdesigns.net
Color File (read)	500-658 Spider Web Zipper Pull.pes

Color	Thread Name	Stitches	Comment
1	Flesh Pink	71	Placement stitch - sew directly on stabilizer
2	Silver	827	Spider web
3	Dark Brown	604	Spider
4	Applique Material	146	Place backing under hoop and run final bean stitch

Step 1: Hoop 2 pieces of cutaway stabilizer (this is a dense design) and stitch color change #1 directly onto the stabilizer. This is your placement line. Cover stitch line with vinyl.

Step 2: Stitch color changes 2 - 3. These are your design details.

Step 3: Place your backing vinyl UNDER your hoop and run color change 4 to secure the front to the back.

Step 4: Remove hoop from machine, carefully unhoop and cut around your zipper pull.

Using the stitched guide hole on the zipper pull - punch out the grommet hole and install your grommet hardware and chain.

This is what I use for attaching grommets. The press is called a crop-a-dile and it both punches the hole and attaches the grommets. (Link at the end of the tutorial).

The grommets are 2-piece 3/16 grommets (sometimes called eyelets). I prefer the 2-piece grommets on things like zipper pulls and bag tags because I think they hold up a little better than the ones that are just one piece (however, I like the one piece on things like ornaments!)
